

TAKE OFF

Objective

Support schools, students and families to promote school attendance through reward, recognition and mentoring.

Responsibilities

- ✓ Schools will set attendance target for their students.
- ✓ Schools will provide a list of all students who have met this target by name at the end of each Semester.
- ✓ Skytrans will recognise and reward these students.
- ✓ Schools will organise for students to meet the Skytrans aircraft to receive specially assembled showbags. Skytrans recognises the support of Coles in providing the quality bags.
- ✓ Skytrans will fly in strong Indigenous role models to speak with these students and encourage and motivate them to continue their good efforts.
- ✓ Mentor will speak about importance of education, share their struggles and success stories and encourage the students to continue their efforts.

Skytrans acknowledges that all communities have their own identities, strengths and struggles. This is why we took the approach in asking each school to determine the attendance target to be met by students.
